SKILLS

Programing Language

- Python
- Java
- C language

Front-end Technologies

- Html, Css, Javascript
- React js
- xml

Backend Technologies

- Node js
- Django

PROJECTS

Qureosa | Jul 2024- Feb 2025

- this project solve the query of the user and provide the solutions of the user's query.
- It uses the GEMENI API to provide the data of the user demand and fulfil the requirements of user.

Sheringo | Jan 2023- May 2023

- The project sheringo is file sender or receiver thru the internet to one user to another user.
- this project is useful in long distance file sharing places

Weather website | Sep 2022- Jan 2023

- This is a project were we can forecast weather data to see the weather in the particular area.
- It is use the weather API to fetch and forecast the data thru the internet

ACADEMIC HISTORY

Diploma in Polytechnic | JULY 2020- NOV 2023

Computer Science Engineering.
8.38 CGPA

Matriculation | MARCH 2016- JULY 2017

Bihar School Examination Board
49.8 Percentage

CERTIFICATION

Spoken Tutorial In HTML

May 4th 2023 | IIT Bombay

Android App Development | Celesta'23

Jan 29th 2023 | IIT Patna

Machine Learning Using Python

Feb 19th 2023 | IEEE

Ethical Hacking Internship

Feb 7th 2024 | Internship Studio

Postman API Fundamental Student Expert

Nov 1st 2024 | Postman
